They were not properly educated on the risks of concussions, let alone how to identify a concussion and were in fact encouraged to continue playing immediately following concussions. There were no protocols in place when our husbands played. We ask simply that our husbands be treated with the same honor, dedication and care they showed their NFL teams when they played. They gave their lives to the game and we thank you for acknowledging our concerns. We await your thoughtful reply.

Sincerely,

NFL Players' wives
